| 9:30  | Comments by non-US participants<br>Italy/France/Germany   |                    |
| 9:45  | Data rights issues  | D. Kniffen         |
| 10:00 | Project Overview  | A. Vernacchio      |
| 10:15 | Spacecraft overview   | TBA                |
| 10:30 | Break   |                    |
| 10:45 | The Large Area Telescope (LAT)<br>Instrument development status;<br>Summary of science products and plans;<br>Issues and concerns | P. Michelson       |
| 11:15 | The GLAST Burst Monitor (GBM)<br>Instrument development status;<br>Summary of science products and plans;<br>Issues and concerns  | C. Meegan          |
| 11:30 | Transient Definition  | C. Dermer          |
| 12:00 | Lunch   |                    |
| 1:30  | Facilitating Multiwavelength Observations with GLAST,<br>SWG Multiwavelength Group  | D. Thompson        |

2:00 IDS Activities and Plans Dermer, Dingus,  
Pohl, Thorsett

3:00 Report on the GRB Working Groups C. Meegan,  
J. Norris

3:45 Break

4:00 Science Plan N. Gehrels

4:30 Additional science:  
Solar Flares G. Share  
Electrons I. Grenier

5:30 Adjourn

6:30/7:00 Dinner at the Courtyard Marriott

Tuesday, February 11, 2003

9:00 Meeting Comments and discussion J. Ormes

9:30 SSC Activities D. Band

10:00 LAT-SSC Working Group Activities, Tools S. Digel/D. Band

10:30 Break

10:45 E/PO L. Cominsky

11:00 Review of Old Actions Items J. Ormes/S. Ritz

11:30 Other issues arising, discussion and New Actions  
review J. Ormes

11:50 Next face-to-face J. Ormes

12:00 Adjourn/Lunch

Dated 28 January 03
