

GLAST Science Plan Document

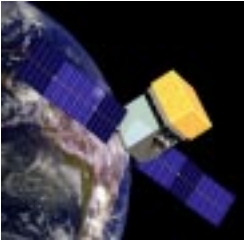

Neil Gehrels
NASA/GSFC

April 2-3, 2001
Science Working Group Meeting

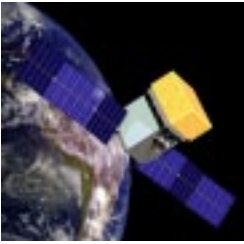

CGRO Science Plan

- CGRO Science Plan was used extensively
- Contains information about
 - Mission science objectives
 - Observatory summary
 - Instrument summary
 - Science objectives of instruments
- ~50 pages total

GLAST Science Plan Plan

- Tentative plan for GLAST - open to discussion
- Create a GLAST Science Plan on ~6 month time scale
- Use text in SRD and Science Brochure for science objectives
- Write sections on mission and instrument descriptions
- Include section on Instrument team science investigations
- Include section on GI program

Who does what?

- Science objectives - IDS's to edit and update
- Mission description - Project to generate
- Instrument descriptions - Instrument teams to generate
- Instrument science investigations - Instrument teams to generate
- GI program - SSC to generate
