

AI#10: PDMP Status

David Band (GSSC/JCA-UMBC)

GUC Action Item #10

Action Item #10:

**Send comments on the PDMP to David Band and Steve Ritz.
[The AI is now understood to cover the revision of the PDMP]**

Status: Comments were received, and I made the major organizational revisions decided upon at the 8/04 meeting. Most of the policy statements have been removed. However, the PDMP draft needs polishing. A major gap is the text on the instrument calibration data.
