# The View from HQ

---

- **Good news:**
  - **New leadership at Headquarters:**
    - **Alan Stern, Associate Administrator, SMD**
    - **Jon Morse, Director, Astrophysics Division**
  - **HQ support remains strong (but funding is not infinite)**
- **Old “news”:**
  - **Spacecraft “issues” continue**
  - **Schedule threats continue**
  - **Reserves are still eroding**
